

From A to Z | Devil Cross (www.devilcross.com)

By Evan Birnholz

July 17, 2015

A "From A to Z" puzzle is a variety crossword where each clue is missing its beginning letter, and all clues and answers begin with a different letter of the alphabet. When you have filled in the correct letter for each clue, transfer those letters to the corresponding numbered spaces in the grid. Then, fill in the rest of the grid using the clues. None of the answers to the clues will start with the same letter as its clue.

- | | | |
